¹ Group tracking is available for riders using a Tread or zumo sat nav, and only riders with a Tread or zumo sat nav may be tracked. Connection to vehicle power is required for group tracking functionality. Sold separately for zumo XT • ² To use this feature, you must have the Tread or Drive app downloaded on your compatible smartphone enabled with Bluetooth technology, have an active mobile phone signal connection and paired with the sat nav. • ³ Some jurisdictions regulate or prohibit the use of satellite communications devices. It is your responsibility to know and follow all applicable laws in the jurisdictions where the device is intended to be used. Requires the purchase of an optional inReach® device • ⁴ Montana 700i, 750i only - satellite subscription required.
